30+ Years of Experience With Federal Agencies

The 4 Forces are TRANSFORMING the business

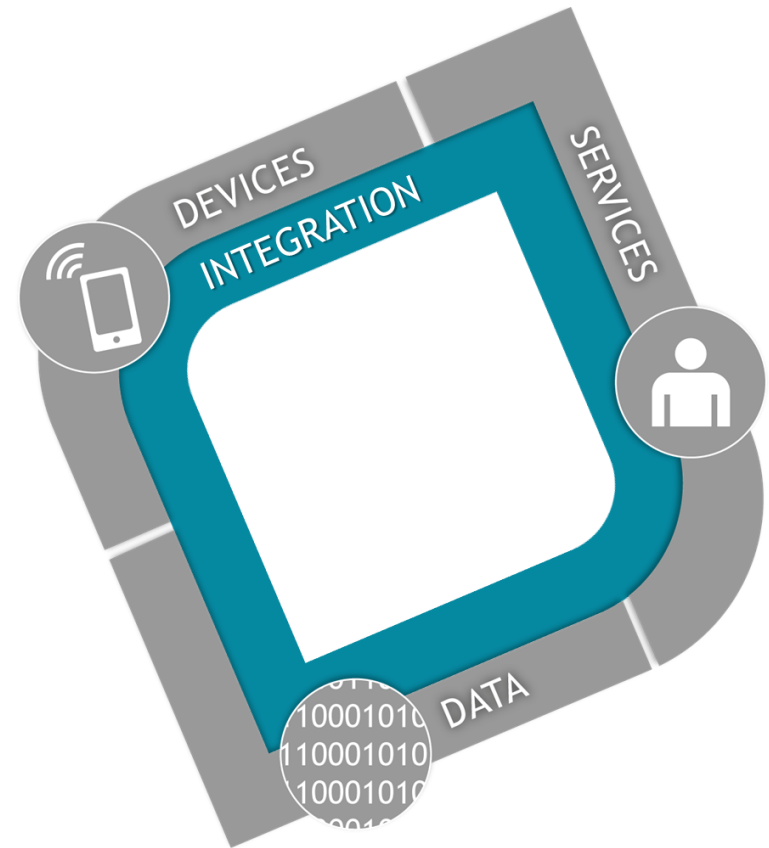

- Creating NEW ways to complete **missions**
- BUT there's a **proliferation** of devices, services, & data
- Plus, you have EXISTING **investments** in IT

How to
QUICKLY innovate AND leverage EXISTING assets

Agencies need **Integration**

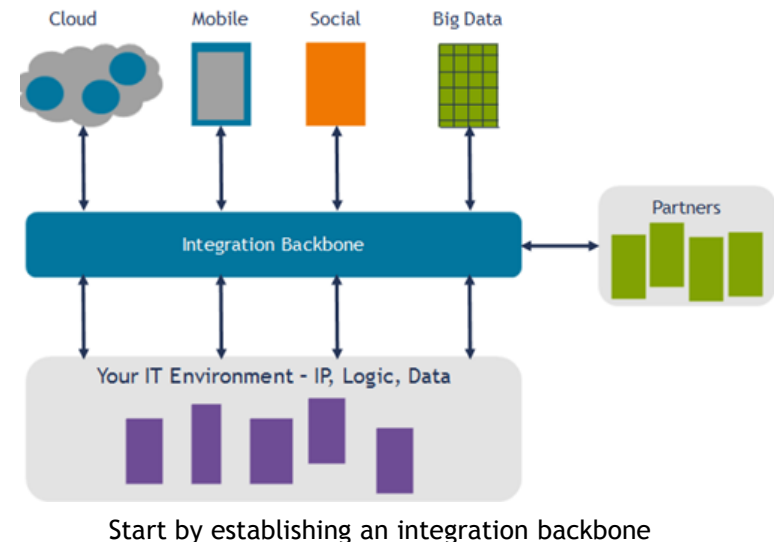

- **LEVERAGE** existing **assets**
 - **Integrate** CORE systems with NEW devices, services, data
- **ACCELERATE** **innovation**
 - Service enabled & **governed** systems provide AGILE access

In fact
INTEGRATION is **more relevant than ever**

Get FULL Benefit of the 4 Forces with Integration

- Sync systems of record with new **cloud-based apps**
- Enable **mobile apps** with core data & capabilities
- Expand channels with **web APIs** to expose unique assets

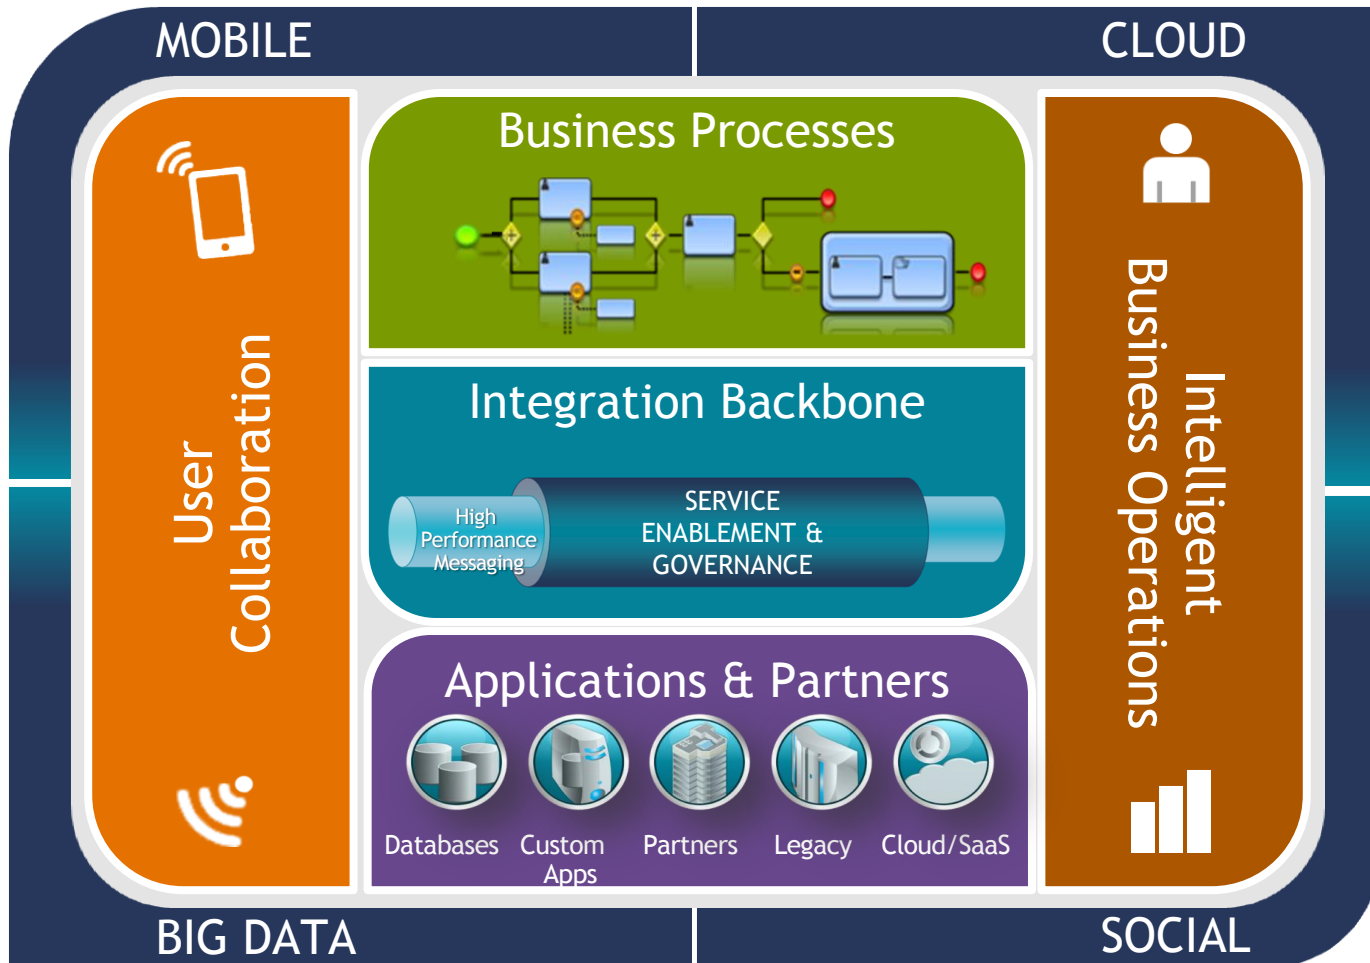

As per Gartner¹

33% more spend on application integrations
by mid-size to large companies in 2016 vs. 2013

¹Gartner, Inc. "Predicts 2013: Application Integration" 11/14/2012 by Benoit Lheureux, et al, dated 11/14/2012

webMethods Suite is a Single, Comprehensive Platform for **Real-Time Integration**

webMethods Suite is the Leader

In Gartner's MQ for On-Premises Application Integration Suites

Source: Gartner, Inc., Magic Quadrant for On-Premises Application Integration Suites, Jess Thompson, et al., June 27, 2013

This graphic was published by Gartner, Inc. as part of a larger research document and should be evaluated in the context of the entire document. The Gartner document is available upon request from Software AG.

Gartner does not endorse any vendor, product or service depicted in its research publications, and does not advise technology users to select only those vendors with the highest ratings. Gartner research publications consist of the opinions of Gartner's research organization and should not be construed as statements of fact. Gartner disclaims all warranties, expressed or implied, with respect to this research, including any warranties of merchantability or fitness for a particular purpose.

Why webMethods Suite?

1

Highly stable platform for 14+ years
- New capabilities added but backward compatible

2

Delivers capabilities as building blocks
- Gradual adoption with consistent user interface

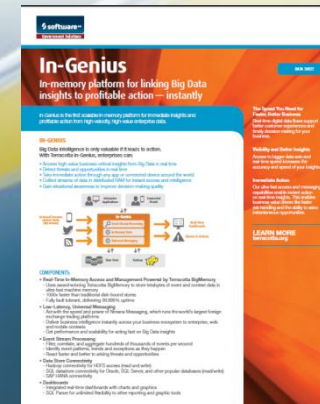

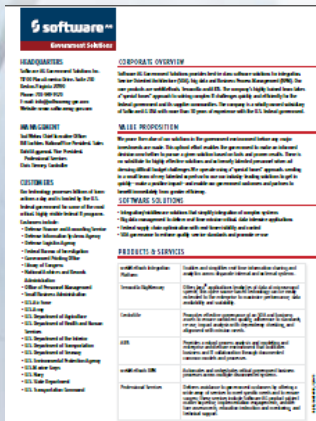

3

Is easy to use across all lifecycle stages
- Leads to higher productivity and lower costs

4

Comes with governance baked into the platform
- Ensure alignment with the organization's policies
