Option 1 - Receive and invoice

- Create invoice
  - In WorldShare® Acquisitions, select Receive & Invoice and then select the Serial tab
  - From the Action menu, select Receive & Invoice
  - Click New Invoice. In the Add New Invoice window, enter an invoice number in the text box.
  - Select the vendor you used for your order. If necessary, edit the Invoice Date
  - Click Save
  - Click Outstanding Items
- Receive and add items to invoice
  - Select titles to receive and add to the invoice from the list of Outstanding Items. Or, search by title, order number (PO#), ISSN, or OCLC number using the text box on the top left side of the screen. Optionally, use filters at top. Click on Start for your title.
    - The title will appear in the Items Processed area below with the receipt status Receiving started.
  - Click on Add to Invoice in the Invoice column (on the top part of the screen) to add the title to your invoice.
    - You can choose to add the entire cost (100%) to the invoice or a lesser amount.
    - The title will appear again in the Items Processed area with a link to the invoice and an indication of the % invoiced.
- Click on the Finish button when you have received all of the issues for the subscription.
- Click on the invoice link to go to the Invoice if you would like to edit and/or pay it at this point. Or you can follow the steps below in Manage Invoices to edit and/or pay it later.
- NOTE: You will need to create holdings for serials or receive issues for serials in a separate step which will make them available for discovery in WorldCat Local or WorldCat Discovery and available for circulation in WorldShare Management Services.
