Hi, I'm one of the kids. Our science project on weather was kind of boring. It hadn't been rain for weeks and it was really hot outside. Then the weatherman announced that there was a change in the air.

It was time for our next field trip. Ms. Frizzle promised we'd get a jolt of excitement. And before we knew it, we'd become a bolt of lightning. You'll see if you join us as we take on the Electric Storm.

Based on "The Magic School Bus" books written by Joanna Cole and illustrated by Bruce Degen.

MEMBER MERGE PROJECT
Member Merge Project

The OCLC Member Merge Project is designed to empower OCLC Members to reduce the presence of duplicate bibliographic records in WorldCat. Training and upgraded cataloging authorizations enable Member Merge participants to merge existing duplicate WorldCat records.
