

PROQUEST.COM

The screenshot shows the University Library Summon 2.0 search results for 'heart attack'. The interface is clean and modern, with a search bar at the top and a sidebar on the left for refining the search. The main content area displays search results for 'Myocardial Infarction', including a snippet from Encyclopaedia Britannica Online and a list of suggested librarians and related topics. The sidebar includes filters for content type, discipline, and date.

STREAMLINED, MODERN INTERFACE

INTRODUCING SUMMON 2.0

DISCOVERY REINVENTED

The Summon® discovery service serves as a front door to your library and enables powerful discovery across your collections. So much more than a single search box, by combining the latest technologies and design techniques the Summon service helps your library keep pace with ever-changing user expectations and lead users to better research outcomes.

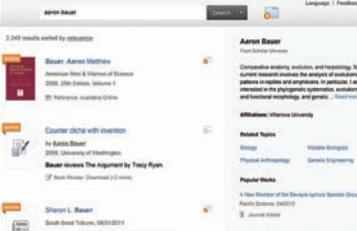

With Summon 2.0—a new, streamlined, modern interface and new and enhanced features that provide layers of contextual guidance—the Summon service delivers a compelling starting place for researchers, offers more opportunities for librarians to connect with users, and empowers librarians to directly impact the discovery experience.

FAMILIAR USER EXPERIENCE

The new user experience matches user expectations developed from searching the open web. Using the latest technologies, it's lightning fast and easy to navigate.

RESPONSIVE AND MOBILE-FRIENDLY

Designed with mobile in mind, the interface is responsive to different devices, creating a seamless experience whether you're using a desktop, tablet or mobile device—all without losing any functionality. No apps to install—just go!

<p>Myocardial Infarction From Encyclopedia Britannica Online</p> <p>Myocardial infarction (MI) or acute myocardial infarction (AMI), commonly known as a heart attack, results from the interruption of blood supply to a part of the heart, causing heart cells to die. This is most commonly due to occlusion (blockage) of a coronary artery following the rupture of a vulnerable atherosclerotic plaque, which is...
