The Student

Sara Carr
Student

NEEDS

- Find resources for a due paper
- Access to all Library collections
- Engage with Teachers about resource lists
- Check assignments on courses

The Role: Students take an active role in their learning by recognizing they are accountable for their academic success. Student responsibility is demonstrated when students make choices and take actions which lead them toward their educational goals.

Scenario: A Day in the Life of a Student with the Ex Libris Higher-Ed Portfolio

PERSONA: SARA CARR | **TASK:** FIND RESOURCES FOR A DUE PAPER

Sara receives a notification alert to her mobile about a fast approaching assignment in her “Early American History” course.

Sara knows that she has to read the book “*Abraham Lincoln in the Post-Heroic Era: History and Memory in Late Twentieth-Century America*” for this specific assignment.

Using her device, Sara searches for “Lincoln” to get access to the Course information and by clicking on the link embedded in the result list, she opens the reading list of her course.

Later on, Sara searches her library collection via the portal and find a reference she saved in her reference management service.

Sara also finds the book she was looking for her assignment. Using her device or directly via the portal, she places a loan request for the book.

Two days later she receives a push-notification letting her know that the book is available for pick up at the nearby library. Sara will also be able to consult her mobile to check her result on the assignment she submitted a few days ago.
