3. On the Research Professional login page there is now a drop-down menu on the left. Ignore the right-hand login option. Select your institution from this drop-down menu and click “log in”.
You will be taken to your institution’s login page, where you can enter your institution credentials.

Research Professional will not recognise you automatically. You will need to create a new account or link to an existing account.
If you choose to create a new account you will need to enter your name and create a password. You will need to use an institution email address which has not already been registered with Research Professional.

If you choose to link to an existing account you will be taken back to the Research Professional login page. This time you will need to use the right-hand login option.
You will see a message confirming the creation of a link between your Research Professional account and your institution account.
