Rollover Information

A rollover moves assets from one account to another. You can make a rollover from:

- an HSA to a HSA
- an MSA to a HSA
- an MSA to an MSA

You can rollover part or all of the assets in an account. A rollover differs from a transfer in that when you request a transfer, the assets are moved directly from the current custodian to the new custodian. When you perform a rollover, the amount you specify will be distributed to you in cash.

You must deposit the rollover in another account within 60 calendar days after you receive the distribution. The IRS allows one rollover transaction per account per year. Once designated, a rollover contribution is irrevocable.

I wish to make a single rollover contribution by check (Please make checks payable to Further).
