

Enable JobSight on a Procore Project

Objective

To add JobSight to a Procore Project

Background

Hangar's JobSight offers a full digital archive of your project, before, during and after construction. Autonomous drone capture, gives you every perspective. Drones can do more than just map.

Things To Consider

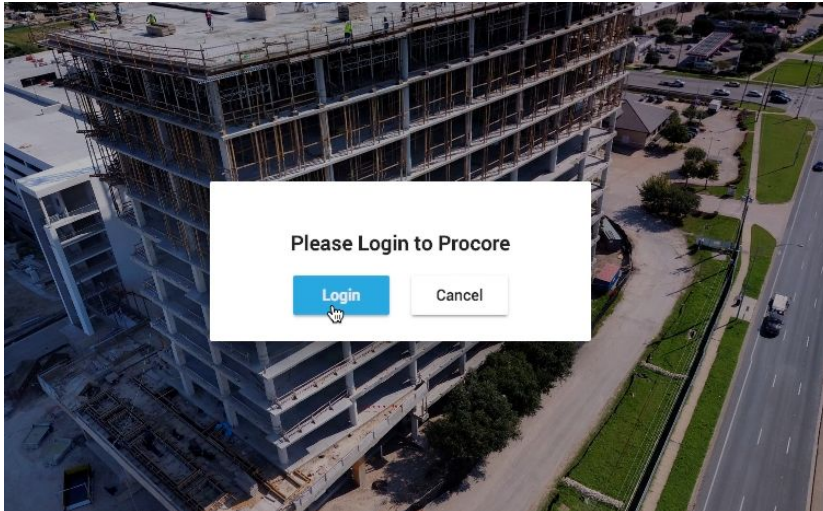

- User Permissions
 - When you connect your JobSight Project to Procore your Project will now be private. Anyone with the link will need a procore login with Admin permissions.

Steps

1. Contact your Customer Success Representative, and let them know you want to enable the Procore Integration - You must be a Procore Admin on for this specific project in order to complete this connection.
2. Navigate to the JobSight Project you want to connect to procore
3. You will see a Procore Logo at the top, and a small chain link icon, select this icon.

4. Once you select the Link icon you will be prompted to Login with Procore

PROCORE[®]

Log in to your account

Email

Robert.hull@hangar.com
