

# Navigating to JobSight through ProCore

## Objective

How to access JobSight through Procore

## Background

Hangar's JobSight offers a full digital archive of your project, before, during and after construction. Autonomous drone capture, gives you every perspective, drones can do more than just map.

## Things To Consider

- User Permissions
  - When you connect your JobSight Project to Procore your Project will not be private. Anyone with the link to your JobSight will need a procore login.

## Steps

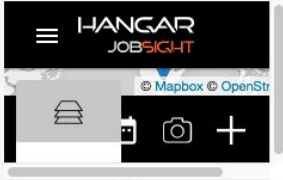

1. Login to Procore
2. Select the project you want to view
3. On the Project Home view, a link to Jobsight is located in the right panel labeled Project Links

The screenshot displays the ProCore Project Home interface. The main content area is titled 'PROJECT HOME' and includes a 'PROJECT OVERVIEW' section with a progress bar and a table of open items. Below this is a 'MY OPEN ITEMS' table with one entry. The right sidebar contains a 'PROJECT WEATHER' section and a 'PROJECT LINKS' section with a '+ New' button and a link to 'Hangar Jobsight'.

Item Type	Details	Status	Due Date
Observation Item	RS Safety Concern Top of Domain Tower	Initiated	09/12/18

Item Type	Total Open
Inspections	2
Observations	4
Punch List	1
