

How-To: Integrate a Procore project to Smartvid.io

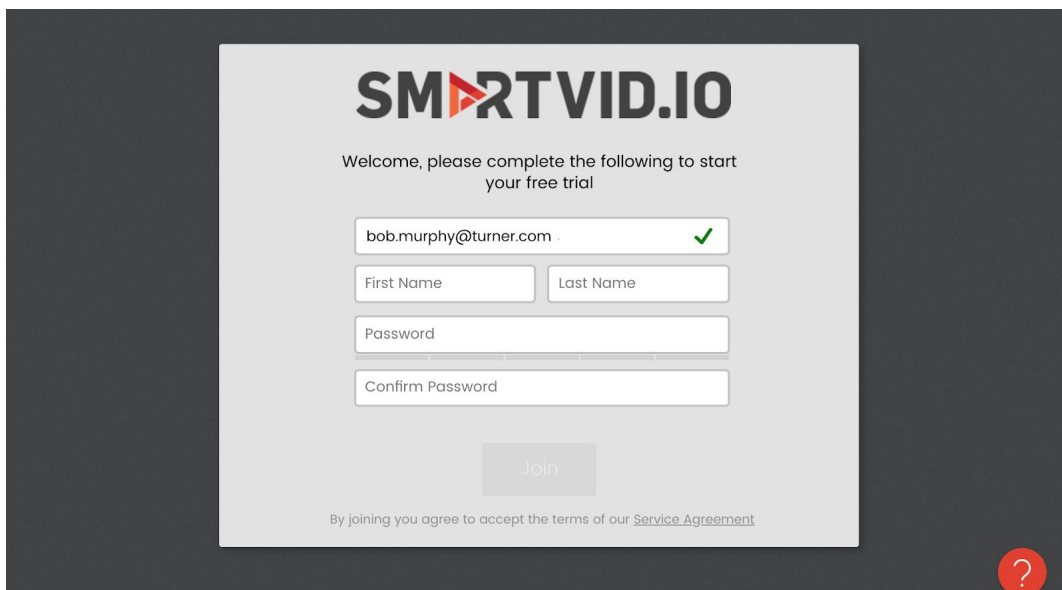

For: New customer contacts

Follow and repeat the instructions below for each Procore project you want to connect:

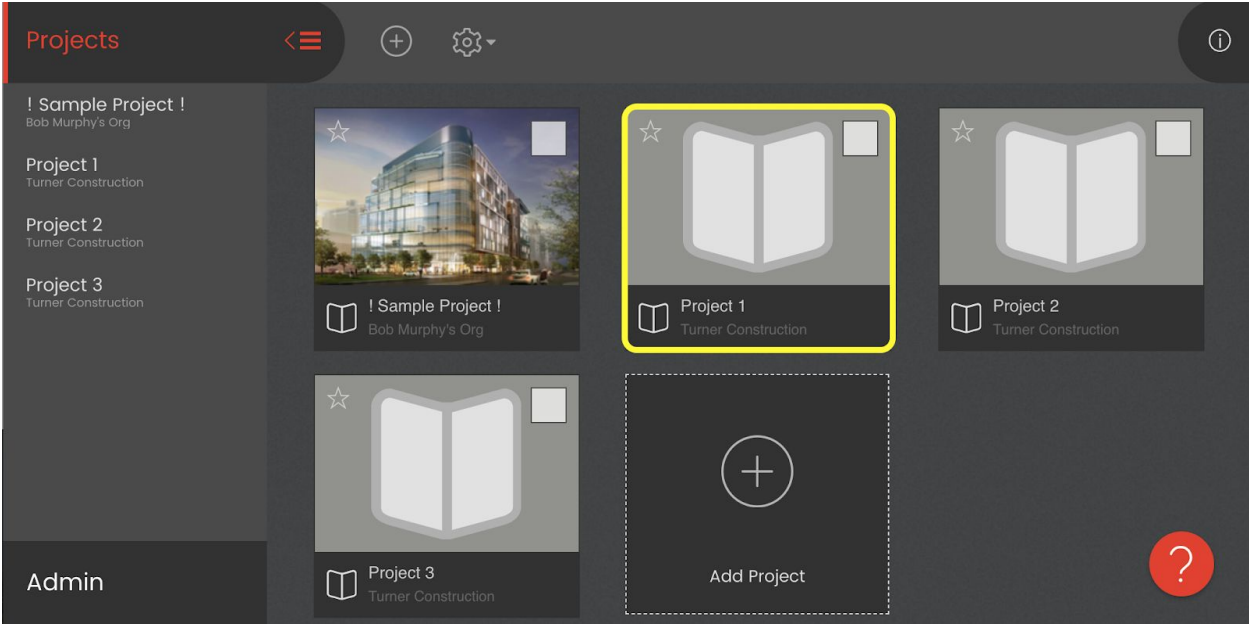

1. Open the email invitation you've received from "Smartvid.io Notifications" and click *Join*:

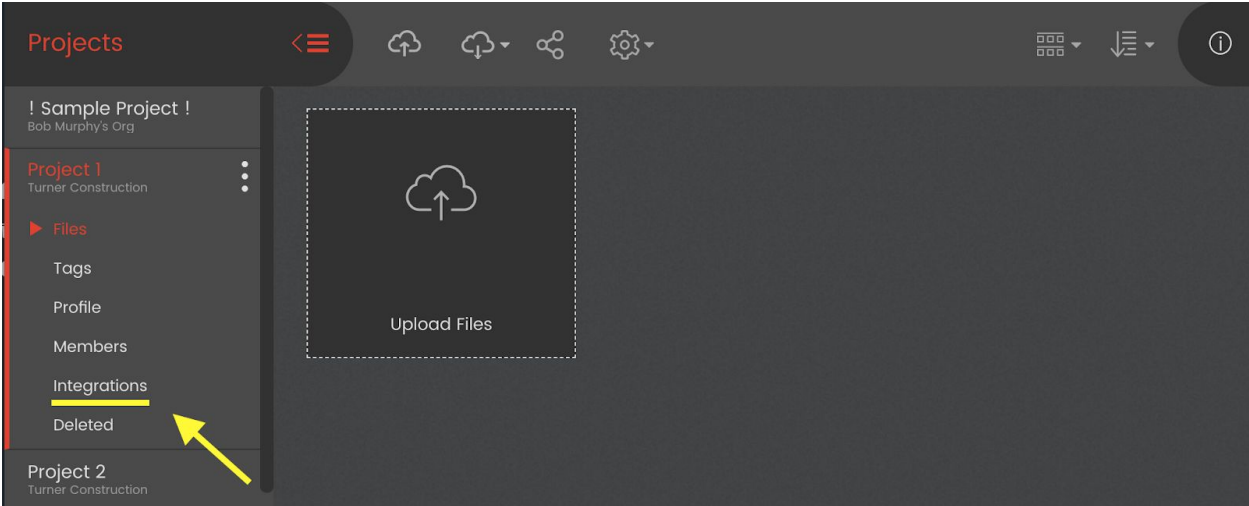

2. Enter your first and last name and choose a password, then click *Join* to log in:

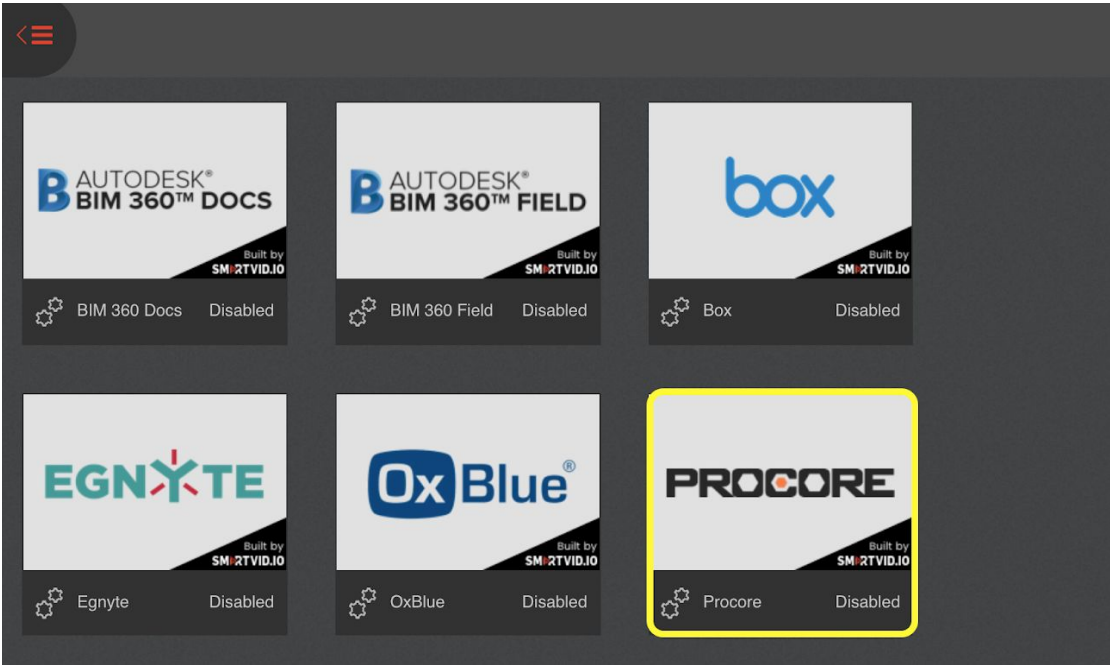

- 3. When you log in, the first thing you'll see is the Projects homepage. Go to the first project, ex. *Project 1*, by clicking on its thumbnail:

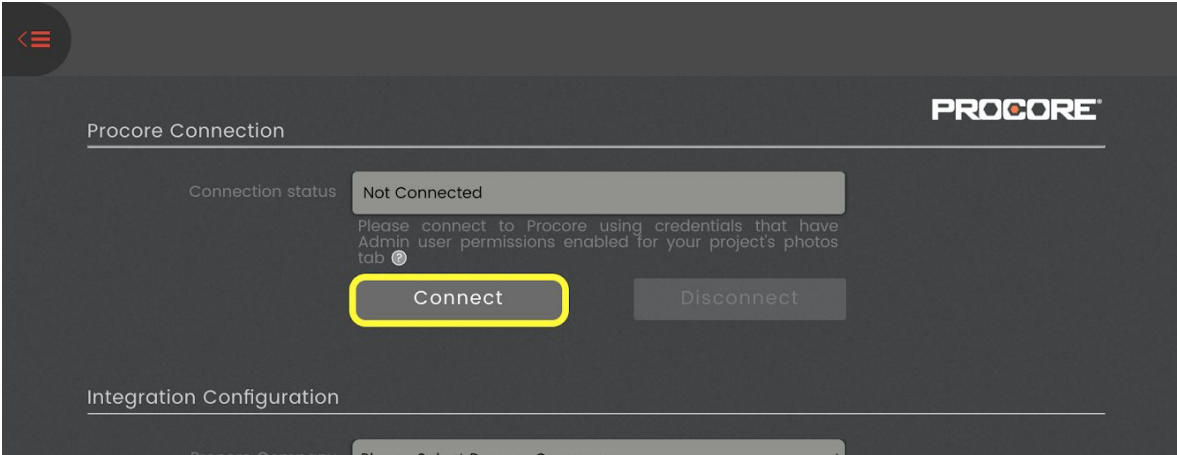

- 4. Click *Integrations* under the project's name in the left sidebar menu:

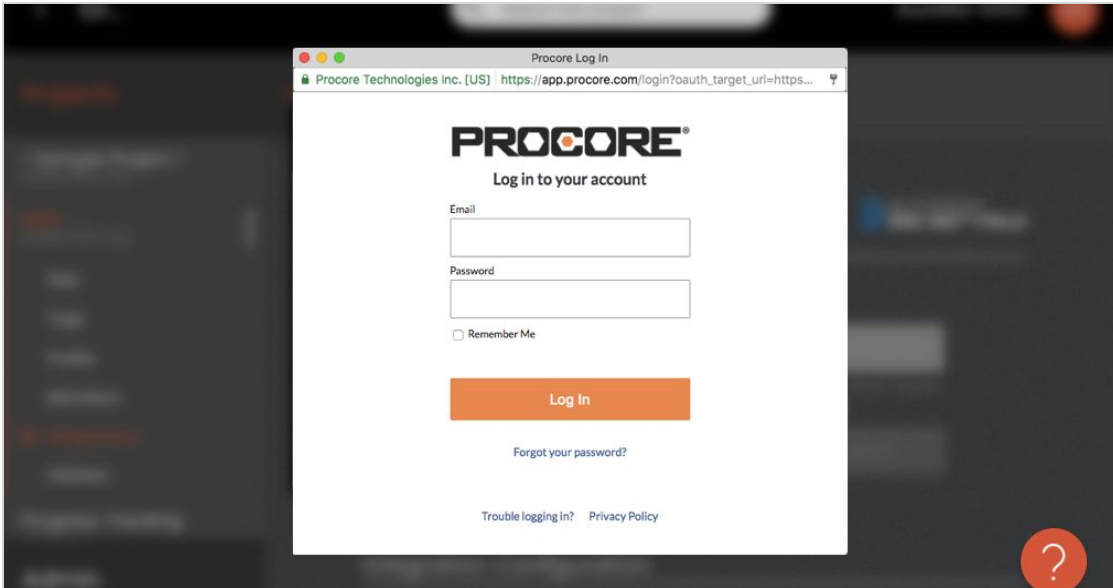

5. On the Integrations page, click the *Procore* thumbnail:

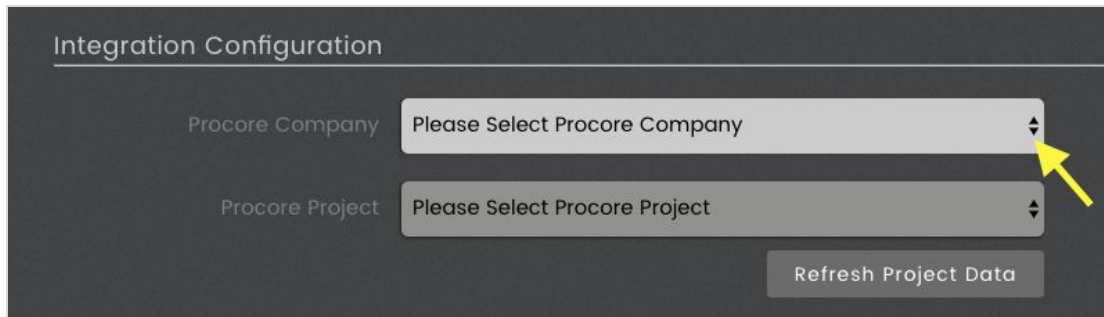

6. Under Procore Connection, click the *Connect* button:

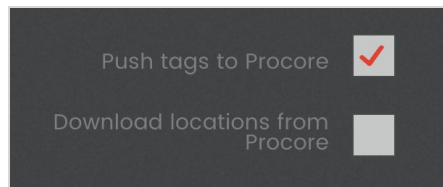

7. Enter your Procore login credentials in this pop-up window and click *Log In*:

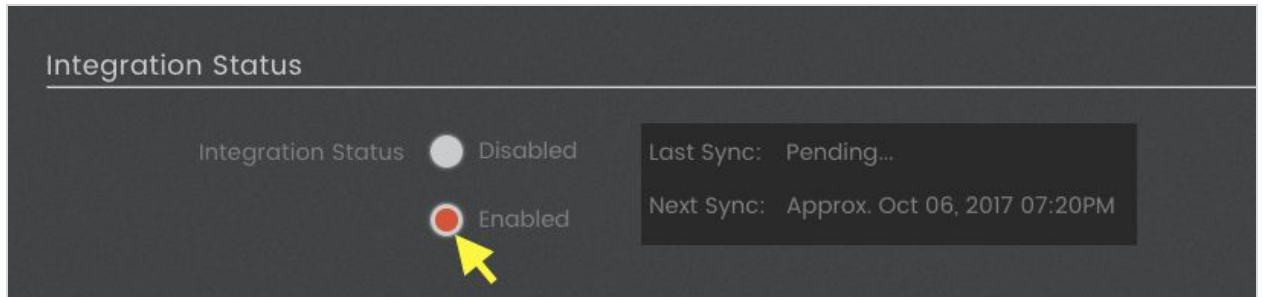

8. Under Integration Configuration, click the menu arrows to choose the desired Company and Project to be connected:

9. Uncheck the checkbox labeled *Push tags to Procore* and leave the checkbox for *Download locations from Procore* unchecked:

10. Under Integration Status, select the *Enabled* radio button:

11. Your integration is now turned on and will start syncing your Procore photos to Smartvid.io in ~15-20 minutes. Check back later and don't forget to refresh!
