

Procore Integration User Guide

1. Add your Tenant ID (your subdomain in procore)
 - a. Go To Settings

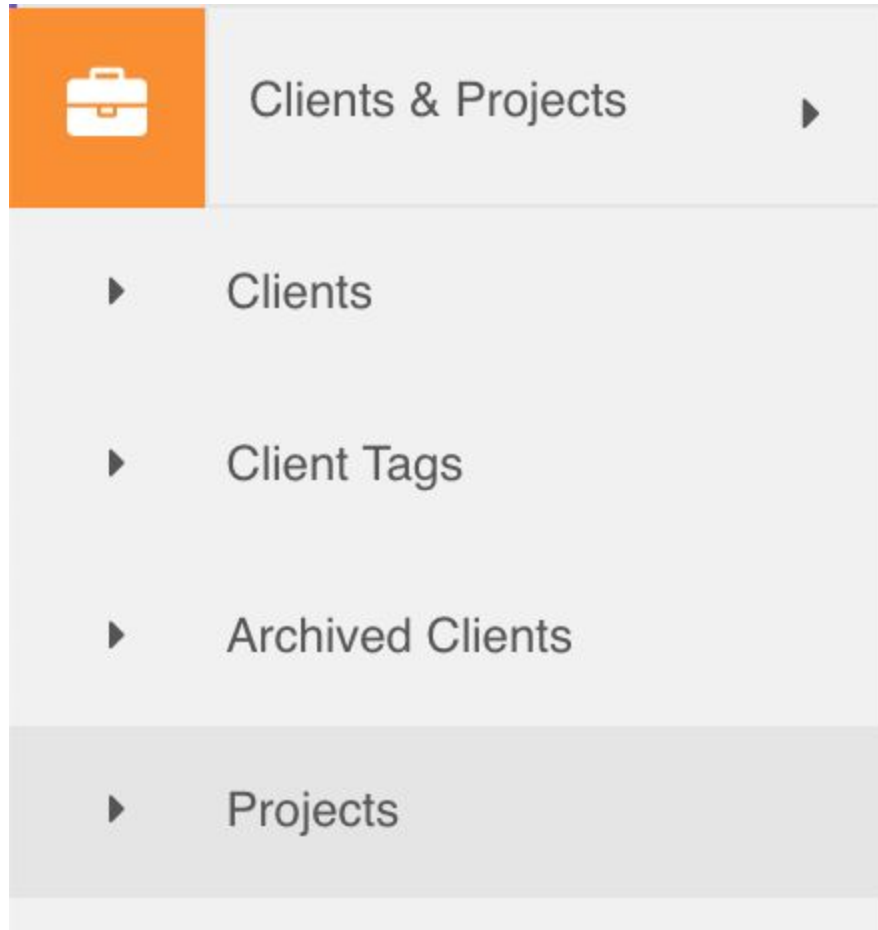

- b. Under General Settings enter your Procore Tenant ID

A screenshot of the 'VIEW/EDIT SETTINGS' page in Procore. The page has a light pink header with a gear icon and the text 'VIEW/EDIT SETTINGS'. Below the header is a section titled 'General Settings'. This section contains five rows of settings, each with a label, a help icon, and a control element. The settings are: 'Allow edit and delete of journal entries.' with a dropdown menu set to 'Yes'; 'Default Country' with a dropdown menu set to 'Global'; 'Hide Add Button on Mobile Timesheets' with a dropdown menu set to 'No'; 'Phone Number Default Country' with a dropdown menu set to 'Australia'; and 'Procore Tenant ID' with a text input field containing the value 'sandbox'.

2. Let's copy a Drawing!

a. Go To Projects

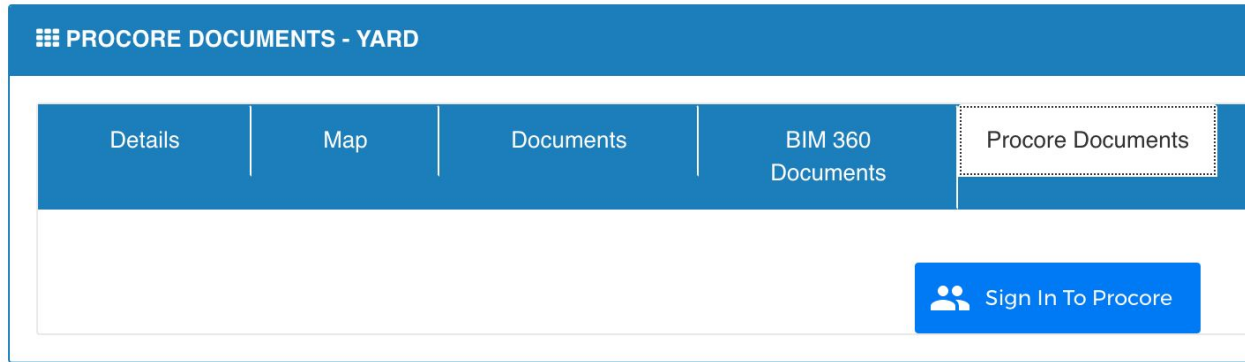

b. Pick a project the Drawing will be associated with

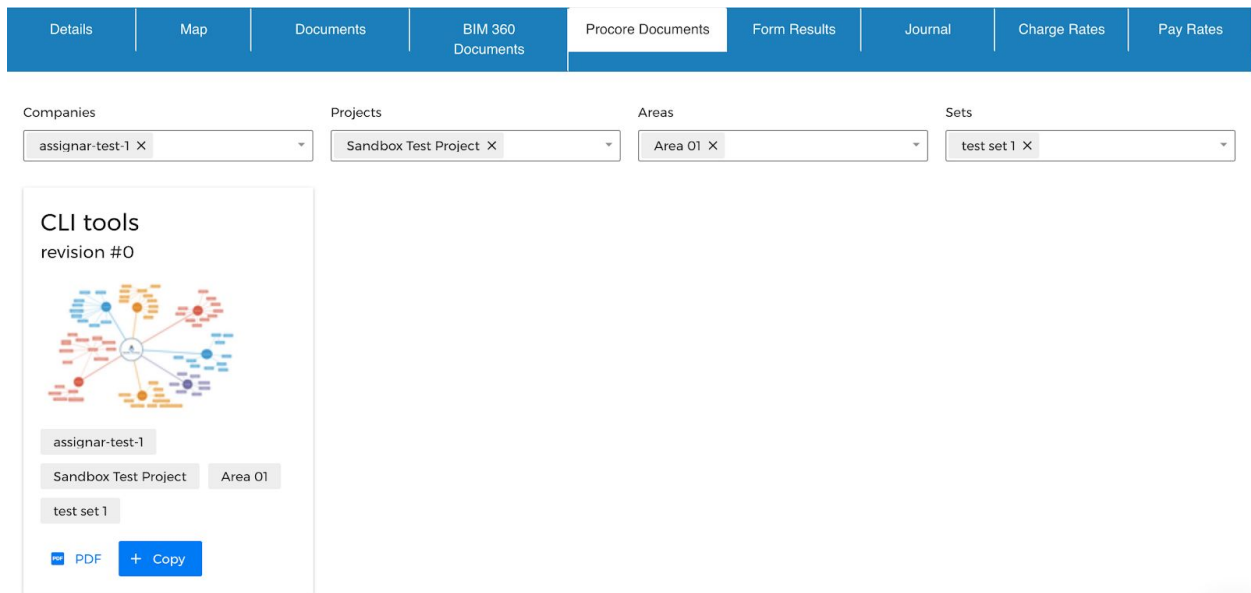

Projects

Id	Project name	Project Address
▶ 162	Roy Hill	
<input type="radio"/> 163	Yard	Pitt St, Sydney N...

c. Navigate to the Procore Documents Tab

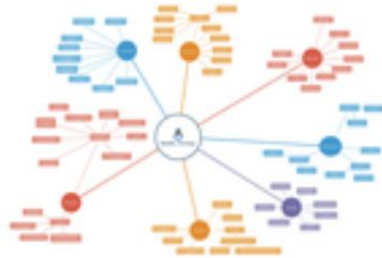

d. Wait until all your Drawings are loaded from Procore

- e. Click "Copy" on the desired Drawing
