

Document Exchange Server 3.0 Compatibility Matrix

Application Note

Date	June 21, 2010
Applies To	Kofax Front Office Server (KFS) 3.0
Summary	This application note identifies compatible operating systems, destinations and MFP models for Kofax Front Office Server (KFS) 3.0.
Revision	1.2

Overview

This document provides table views of supported and certified configurations for Kofax Front Office Server (KFS) 3.0 for the following configurations.

Note: Click on the desired configuration hyperlink to move to that section of the document.

- [Operating Systems](#)
- [Database](#)
- [Device](#)
- [Destination](#)
- [Web Server](#)
- [Scan Server](#)
- [Virtualization](#)

Please note that blank table entries indicate that the configuration is **not certified** with KFS 3.0.

Kofax Front Office Server Operating System Compatibility

The tables below contain supported and certified operating systems for the various Kofax Front Office Server 3.0's configurations.

Supported Operating Systems - Single Server (Departmental and Enterprise)			
Operating System	Version	Service Pack	Certified with KFS 3.0
Windows Server 2008	Enterprise 32-Bit	Service Pack 1 and above	Yes
Windows Server 2008	Enterprise 64-Bit	Service Pack 1 and above	Yes
Windows Server 2008	Standard 32-Bit	Service Pack 1 and above	Yes
Windows Server 2008	Standard 64-Bit	Service Pack 1 and above	Yes
Windows Server 2008 R2	Enterprise (64-Bit)		Yes
Windows Server 2003	Enterprise 32-Bit	Service Pack 2 and above	Yes
Windows Server 2003	Enterprise 64-Bit	Service Pack 2 and above	Yes
Windows Server 2003	Standard 32-Bit	Service Pack 2 and above	
Windows Server 2003	Standard 64-Bit	Service Pack 2 and above	
Windows XP Professional		Service Pack 3	Thin Client ONLY
Windows 7 Business			Thin Client ONLY

Supported Operating Systems - Clustered System			
Operating System	Version	Service Pack	Certified with KFS 3.0
Windows Server 2008	Enterprise 32-Bit	Service Pack 1 and above	
Windows Server 2008	Enterprise 64-Bit	Service Pack 1 and above	
Windows Server 2008	Standard 32-Bit	Service Pack 1 and above	
Windows Server 2008	Standard 64-Bit	Service Pack 1 and above	
Windows Server 2008 R2	Enterprise (64-Bit)		Yes
Windows Server 2003	Enterprise 32-Bit	Service Pack 2 and above	Yes
Windows Server 2003	Enterprise 64-Bit	Service Pack 2 and above	Yes
Windows Server 2003	Standard 32-Bit	Service Pack 2 and above	
Windows Server 2003	Standard 64-Bit	Service Pack 2 and above	
Windows XP Professional		Service Pack 3	Thin Client ONLY
Windows 7 Business			Thin Client ONLY

Application Note

Kofax Front Office Server Database Compatibility

The tables below contain supported and certified databases for the various Kofax Front Office Server 3.0's configurations.

Supported Databases - Departmental		
Database	Version	Certified with KFS 3.0
Microsoft SQL Server Express 2008	32-bit	Yes

Supported Databases - Enterprise (Single Server)		
Database	Version	Certified with KFS 3.0
Microsoft SQL Server 2008	32-Bit	
Microsoft SQL Server 2008	64-Bit	Yes
Microsoft SQL Server 2005	32-Bit	
Microsoft SQL Server 2005	64-Bit	Yes
Oracle 10g	Release 2 32-Bit	
Oracle 10g	Release 2 64-Bit	Yes
Oracle 11g	Release 2 32-Bit	
Oracle 11g	Release 2 64-Bit	Yes

Supported Databases - Enterprise (Clustered System)		
Database	Version	Certified with KFS 3.0
Microsoft SQL Server 2008 with Microsoft Cluster Services	32-Bit	
Microsoft SQL Server 2008 with Microsoft Cluster Services	64-Bit	Yes
Microsoft SQL Server 2005 with Microsoft Cluster Services	32-Bit	
Microsoft SQL Server 2005 with Microsoft Cluster Services	64-Bit	
Oracle Real Application Cluster (RAC)	32-Bit	
Oracle Real Application Cluster (RAC)	64-Bit	Yes

Kofax Front Office Server Device Compatibility

Please see the [Kofax Front Office Sever 3.0 MFP Configuration Guide](#), which documents the latest Kofax Front Office Server 3.0 supported MFPs.

Kofax Front Office Server 3.0 Compatibility Matrix

Application Note

Kofax Front Office Server Destination Compatibility

The table below contains the supported backends for Kofax Front Office Server 3.0.

Supported Destinations			
Backend	Version	Service Pack	Notes
Kofax Capture	8.0	Service Pack 5	
Kofax Capture	9.0		

Kofax Front Office Server Web Server Compatibility

The table below contains the Web servers certified with Kofax Front Office Server 3.0.

Certified Document Exchange Server Application Servers		
Web Server	Version	Certified with KFS 3.0
WebSphere	6.x, 7.x	Yes
IIS	6.0	Yes
	7.0	Yes

Kofax Front Office Server Web Scan Scanner Compatibility

The table below contains the supported WebScan scanners that are certified with Kofax Front Office Server 3.0.

Supported WebScan Scanners		
Scanner Make	Model	Certified with KFS 3.0
Cannon	DR-2010C	Yes
	DR-2510C	Yes
Fujitsu	fi-6130	Yes
	fi-6140	Yes
HP	ScanJet N9120	Yes
Kodak	SCANMATE i1120	Yes
	SCANMATE i1420	Yes
Visioneer	9750	Yes
	Patriot 470	Yes
Xerox	DocuMate 272	Yes

Kofax Front Office Server Virtualization Compatibility

The table below contains the versions of VMware that are supported and certified with Kofax Front Office Server 3.0.

Supported Virtualization Software		
Software	Version	Certified with KFS 3.0
VMware	Server 2.0	
	ESX Server 3.5	Yes
