About this release

The software and documentation is available from the Kofax Fulfillment Site: <https://delivery.kofax.com/>. A representative from your company registers on this site to download the software and documentation.

To find documentation for this product online click this link: https://docshield.kofax.com/Portal/Products/en_US/KMC/3.3.0-2bogmz7ao3/KQM.htm.

If you are already a Kofax customer, contact your Kofax Professional Services Regional Manager to discuss and plan your upgrade.

If you are an existing customer, follow the instructions below to access the product for this release:

1. Log in to the Kofax Fulfillment Site (<https://delivery.kofax.com/>).
2. From the Your Software list, locate and select the product you want to download.
3. Follow the instructions on the Fulfillment Site to complete your download.

The available packages include the software, documentation, and license keys for the release.

New customers will receive an email from Kofax after their product's purchase. The email will contain a serial number to use when registering on the Kofax Fulfillment Site. Registration provides customers with the credentials needed to download their product.

Version information

The Kofax Kofax QuickUpdater for Mobile 1.3.0 release is identified by build number 1.3.0.0.12.

Resolved issues

This section describes issues resolved in the following releases.

Kofax QuickUpdater for Mobile may have installed on wrong Web site if port was already used

IIS can be configured to use the same port for multiple Web sites. If more than one IIS Web site uses the same port, the Kofax QuickUpdater for Mobile might have installed the updated application into the wrong site. (708839)

Affected platforms and/or known devices:

- Kofax QuickUpdater for Mobile

Known issues

This section describes issues that you may encounter while using the Kofax Kofax QuickUpdater for Mobile. Work-around solutions are provided, as applicable.

There are no known issues at this time.
