## About Kofax Invoice Processing Agility technical specifications

Kofax Invoice Processing Agility (IPA) is a solution for the Kofax Total Agility (KTA) platform. The technical specifications in this document are specific to IPA 1.0.0.2

For solution products like this, many requirements depend on the underlying KTA platform. It is recommended to consult the KTA Technical Specification for such items as hardware requirements.

## System architecture

Please consult the KTA Technical Specification.

## Product requirements

Specification	Description
<b>Hardware</b>	IPA doesn't require specific hardware. The hardware specifications of the required KTA platform apply.
<b>Screen resolution</b>	It is recommended to provide Validation operators with 2 screens, one for displaying the fields and one for displaying the document. The screen for the fields should have a minimum resolution of 1280x800 pixels (WXGA)
