Introduction

The release notes give you information about using Kofax Web Capture. Please read this document carefully, as it contains information that is not available in other Kofax Web Capture documentation. Note that previous versions of this product were called Kofax DotImage Enterprise Edition.

New Features

The following features are new in this release of Kofax Web Capture.

- There is a new Java edition of Kofax Web Capture with the following features ported from the .NET version:
 - Web Scanning
 - Image import into Kofax Capture via KIC, including content/ document typing and status tracking
 - Web Viewing of images including multi-page formats
 - Image Processing: Crop, Rotate, Resample, and 1-bit processing like Deskew, Despeckle and Thresholding
 - Image Codecs: TIFF, JPEG, PNG, BMP
 - PDF Rasterization
 - TIFF manipulation (reorder, remove, and add pages in a TIFF)
- Both .NET and Java editions have the following new features:
 - A new JavaScript-based web annotation viewer
 - Web Scanning now supports Chrome in addition to IE and FireFox
 - Web scanning component now supports profile saving/loading

Resolved Issue

The following issue was resolved in Kofax Web Capture 10.1.0.

Content Type and Document Type Not Required to Connect to Kofax Capture

Content type and document type drop-down lists on the web page are no longer required to connect to Kofax Capture.

Additional Resources

This section gives information about Kofax resources that are available to assist you in using Kofax Web Capture.

Related Documentation

In addition to release notes, the Kofax Web Capture documentation set includes the following:

- *Kofax Web Capture SDK*
- *Kofax Web Capture Developer's Guide*

Getting Help for Kofax Products

Kofax regularly updates the Kofax Support site with the latest information about Kofax products.

To access some resources, you must have a valid Support Agreement with an authorized Kofax Reseller/Partner or with Kofax directly.

Go to <http://www.kofax.com/support> for:

- Access to product knowledge bases
Click **CAPTURE: SUPPORT KNOWLEDGE**.
- Access to the Kofax Customer Portal (for eligible customers)
Click **CAPTURE: SUPPORT INTERACTIONS** and log in.

To optimize your use of the portal, go to the Kofax Customer Portal login page and click the link to open the *Guide to the Kofax Support Portal*. The guide describes how to access the portal, what to do before contacting the support team, how to open a new case or view an open case, and what information to collect before opening a case.

- Product information and release news
Click **Product** and select a product name and version.
- Downloadable product documentation
Click **Documentation** and select a product name and version.
- Access to support tools
Click **Tools** and select the tool to use.
- Information about the support commitment for Kofax products
Click **Options** and select **Kofax Support Commitment**.

Use these tools to find answers to questions that you have, to learn about new functionality, and to research possible solutions to current issues.
