About Kofax AP Agility 2.2.0 technical specifications

Kofax AP Agility is a solution built on the Kofax Total Agility (KTA) platform. This technical specifications in this document are specific to AP Agility 2.2.0.

AP Agility 2.2.0 requires at least KTA 7.5, it is recommended to read the KTA 7.5 Technical Specifications as well.

Analytics for AP Agility is provided with AP Agility 2.2.0. This is a separate download and it is built on Kofax Insight 6.1. See also Kofax Insight 6.1 Technical Specifications for details.

System architecture

Please consult the KTA Technical Specification.
