

# Innovation Is in the House.

Hosted by Cameron Barnes, this game-show-style event reviews some great innovations created by Domo experts.

Cam Barnes | Domo

As the head of innovation at Domo, a lot of amazing things come across my desk. Here are a few of my favorites.

## 1. Three-Metric Bar Charts.

Cameron Williams • Card trick to add multiple metrics and highlight colors to bar charts.  
[Knowledge Base Article](#)

## 2. Access to All Rows, Not Dataflows.

Joel Tobey • Learn to share all of a data set but control DataFlow creation.  
[Knowledge Base Article](#)

## 3. Adding Graphics to Table Cards.

Gary Gibb • Trick to add many types of visuals inside cells of a table card.  
[Knowledge Base Article](#)

## 4. MS Office Add-Ins.

Jason Randall • Tips for pulling live Domo visuals into PPT and Domo Data into Excel when needed.  
[Knowledge Base Article](#)

## 5. Avert the “End-of-Period Downturn.”

Gary Gibb • Build periodic data cards with trends that don't collapse at the change of the month.  
[Knowledge Base Article](#)

## 6. Making Design Studio Apps.

Stu Barnes • Even non-developers can build apps using design studio tools.  
[Knowledge Base Article](#)

## 7. Creating a Stop-Light Table Card.

Cameron Williams • Leveraging a downloadable Dev Kit App to build a table with visual threshold metrics.  
[Knowledge Base Article](#)

## 8. Choosing Chart Types.

Jeri Larsen • Finding immediately helpful tools and instructions for this and hundreds of other subjects.  
[Knowledge Base](#)

## 9. Finding Top Customer-Generated Solutions.

Dani Weinstein • Tricks to finding top solutions in the Dojo from successful Domo users.  
[Knowledge Base Article](#)

## 10. Magic ETL SQL Work-Arounds.

Cameron Williams • Leveraging capabilities in Magic ETL to accomplish otherwise inaccessible SQL processes.
