

Benefits of Licensing

- Licensed pets are more likely to be reunited with their owners if they become lost. A license provides proof of ownership.
- The licensing fee goes directly to help stray and homeless animals and eliminate animal cruelty in our community.
- San Diego County (62.610 and 62.620) and California Health and Safety Code (121690) and the cities of Oceanside (4.17), Vista (6.07.010) and Imperial Beach (6.04.110) require all dogs to be vaccinated against rabies and to obtain a license:
 - Within 30 days after reaching the age of four months, or; within 30 days of acquiring the dog, or; within 30 days after entering the jurisdiction.

Steps to License

- Proof of a current California-approved rabies vaccination is required for licensing. The primary rabies vaccination is good for one year. The second vaccination is given one-year later. Subsequent (or booster) vaccinations are valid for three years.
- Proof of alteration (i.e. spay/neuter) is not required, but will lower the cost of your dog's licensing fee by 50% or more.
- For your convenience, licensing can be completed online, in person or by mail. See back of brochure for details on each option.
- For more information and resources such as low-cost vaccine clinics and spay/neuter services, visit sdhumane.org/license.
