

# What's New In Procore

We released 50 product enhancements from April 2020 - June 2020.

To see the full list of updates, visit [www.procore.com/whats-new](http://www.procore.com/whats-new).

## Explore new ways to customize Procore's platform to your needs.

Collect and access the exact information you need to keep your projects moving from anywhere with new features that allow for more platform flexibility.

### Reduce data overload.

Make input fields required, optional, or hidden to streamline data entry from the site. New on several tools. [Learn more.](#)

### Customize your data capture.

Customize the input fields for multiple Procore tools, so you can capture the information that matters most to your team. [Learn more.](#)

### Stay together while remote with virtual meetings.

[Microsoft Teams](#), [GoToMeeting](#), and Zoom now integrate with Procore's Meetings tool, to foster collaboration from anywhere.

### See the new BIM web viewer.

Access 3D models on Procore's web app (in addition to mobile)—no need for complicated software just to see your models. [Learn more.](#)

## Take a look at Procore's new owner-focused financials.

See your financial data your way with newly added features to Procore Portfolio Financials and Project Financials.

### Customize self-serve approval workflows.

Add or edit custom approval workflows in Procore Portfolio Financials for financial items on your own—no help needed. [Learn more.](#)

### See the future clearly with cash flow forecasting.

Simplify the forecasting process in Procore Project Financials with custom views and automatic curve spreading. [Learn more.](#)

### Get approvals faster with DocuSign contracts.

Keep things moving by digitizing contract signatures in Procore Portfolio Financials with the DocuSign integration. [Learn more.](#)

### Customize contract exports.

Customize and export contracts directly from Procore Portfolio Financials to reduce admin burden. [Learn more.](#)

## What do you want to see next?

If you have suggestions for features that would make your work easier, tell the Procore Development team by submitting and voting on ideas in the [Customer Feedback Forum](#).

# Get More Value from Procore With Our Newest Integrations

The Procore App Marketplace has over 200 partner solutions that integrate seamlessly with our platform. So you can work the way you want to, all without ever leaving Procore.

## Keep cloud-based storage project files up to date with SyncEzy.

SyncEzy is a one-stop Procore integration provider for many cloud-based file sharing applications including Dropbox, Google Drive, One Drive, and Sharepoint. The integration allows for automatic sync of files and folders from Procore's Documents tool into your document management solution of choice, eliminating the need for double entry. [Learn more.](#)

## Meet OnIndus, our newest Owners focused consultant.

OnIndus is an owners-focused consulting company led by former eBuilder employees with a wealth of experience working with owners clients. Their relationships, expertise, and competitive intel will be a valuable addition to the Certified Consultants program.
