What do you want to see next?

If you have suggestions for features that would make your work easier, tell the Procore Development Team by submitting and voting on ideas in the [Customer Feedback Forum](#).

Get more value from Procore with our newest integrations.

The Procore App Marketplace has over 200 partner solutions that integrate seamlessly with our platform. So you can work the way you want to, all without ever leaving Procore.

Meet Zelus, our latest addition to the Certified Consultant program

ZELUS is a leading provider of as-built documentation, 2D drawings, 3D modeling, Building Information Modeling (BIM), and Virtual Design and Construction (VDC) services. As a Certified Consultant, they are well-positioned to assist Procore customers with capturing and organizing site information within Procore, as well as utilization of Procore BIM. [Learn More](#)

GTK HingePoint: an integration partner and a Certified Consultant

HingePoint is a systems integration and development company specializing in construction and real estate clients. They are especially strong with Microsoft products and have already built Marketplace integrations for MS Teams and Sharepoint. In joining the Certified Consultant program, they will be able to offer valuable services to Procore clients in building and configuring integrations into the Procore platform. [Learn More](#)
