

Navigating the Teacher Dashboard

The Teacher Dashboard is the home screen for each teacher, and the primary teacher tool for monitoring student progress through learning paths. The **Student Status** section on the left side displays student **average activity scores**. Click on the blue words "**Last 30 Days**" to modify the time frame for average scores to *yesterday*, the *last 7 days*, the *year to date*, etc.

The Dashboard provides a "**temperature check**" for students in your class. It only updates once every **24 hours**.

RED = 0-59% overall avg **YELLOW** = 60-69% overall avg **GREEN** = 70% and up overall avg

Student Status

- Ranks students from low to high
- Adjustable date ranges
- Visibility on all assignments
- Click on student names for more details
