

BRANDING YOUR SITE DESIGN GUIDE

ADMINISTRATION THEME SETTINGS

GO TO:
ADMINISTRATION > DISPLAY SETTINGS >
THEME EDITOR

The Theme Editor can be used to add a logo and change the brand colors of the site.

The logo needs to be horizontally oriented and no larger than 470px wide by 120px tall.

The chosen brand color will be applied to the navigation bar, tab bar, buttons and mobile theme. Additionally, you may select a color for button text and hyperlinks in this section.

The Header section provides the ability to customize the header color, header icons, and header navigation links.

The default font used in Spigit is Proxima Nova and cannot be customized.
