

Demo Database – 125 High Street

Each user in the demo database has a particular role with appropriate permissions and access levels.

Some user's permissions and access levels spans both 125 an 127 High Street properties.

Property Managers and Security Supervisors can see and administer the entire building database.

Facility Managers can see and administer their own company's database. Employees can preauthorization their own visitors.

Log in as different users by entering the user's email and the password BlubØx123!
