## New Features and Enhancements

### WebAdMIT Enhancements

The following enhancement is available for WebAdMIT as part of Sprint 14.

#### Export Requirements Criterion Name

**Note that this enhancement is immediately available in WebAdMIT and does not require any configuration.**

If you configured a **Requirements** template, you can now export the **Requirements criterion name** field. You can find it in the Export Manager under the **Requirements** field grouping.

## Upcoming Events

Please review the list of upcoming events, including scheduled downtime/maintenance, product updates, and regional training opportunities.

Event	Date	Details
Reviewing & Scoring Applicants Regional Training in Chicago, IL	July 18, 2017	<p>Register now for our <i>Reviewing &amp; Scoring Applicants</i> live training in Chicago, IL.</p> <p>Participants will learn how to make best use of the Assignments and Interviews features in WebAdMIT through a series of hands-on exercises led by a WebAdMIT expert. They will learn how to rank applicants and pinpoint the most qualified candidates, while networking with peers to learn how others are using WebAdMIT to achieve their admissions goals.</p> <p>To learn more about this class and our other training resources, visit <a href="http://webadmit.liaisonedu.com">http://webadmit.liaisonedu.com</a>.</p>
Sandbox Environment Refresh	July 24, 2017	<p>The sandbox (test) environment for the CAS applications and WebAdMIT will be refreshed. All data and features created in these environments will be deleted. Updated data and features from the live CAS application and WebAdMIT environments will be loaded in.</p> <p>We advise that you complete current testing before the refresh. You can log back into the sandbox environment on July 25.</p>

## Resolved Issues

### Applicant Portal

The following issues are resolved in the Applicant Portal as part of the Sprint 14 release. The codes in parentheses correspond to the identifiers in our issue tracking system.

1. An issue that prevented undelivered reminder emails from being sent was resolved. (UNCAS-13439)
2. The instructions for the **Review and Finalize** page in the AACOMAS **Transcript Entry** section now say, “Do not mark withdrawn attempts as a repeated course. You must enter the full credit value for all attempts of the repeated courses.” Previously, it incorrectly said, “Make sure you have entered 0.00 credits for the initial attempts. Only the final attempt should receive full credit value.” (UNCAS-13493)
3. An issue that prevented an applicant from being viewed due to country of residence was resolved. (UNCAS-13463)
4. The instructions for the **Observations Hours** section in PTCAS Evaluator Portal now say, “click the APPROVE check box.” Previously, it incorrectly said “click the APPROVE button.” (UNCAS-13452)
5. GPA data was added to the **Applicant Summary** page in the full application PDF. (UNCAS-13405)
6. Several total experience hour fields were corrected to pull the correct data. (UNCAS-13087)
7. A display issue where applicants could not view the Applicant Gateway screen was resolved. (UNCAS-12904)

### WebAdMIT

The following issues are resolved in WebAdMIT as part of the Sprint 14 release. The codes in parentheses correspond to the identifiers in our issue tracking system.

1. An issue that caused courses to be missing in a **Chemistry GPA** was resolved. (WA-4922)
2. An issue that caused applicant data to not transfer into WebAdMIT was resolved. (WA-4919)
3. GPA and parent information fields were added to the **Direct Applicant** feature. (WA-4913)
4. A display issue that duplicated program-level questions in the Export Manager was resolved. (WA-4895)
5. A display issue that listed previously deleted prerequisite courses was resolved. (WA-4892)
