## New Features and Enhancements

### WebAdMIT Regional Training

In response to the positive feedback and high level of interest in the *Reviewing & Scoring Applicants* live training pilot we held in November 2016, we are excited to announce that we are offering it in three locations in the first half of 2017.

- March 23, Atlanta, GA
- April 27, San Francisco, CA
- May 11, Chicago, IL

During the workshops, participants will learn how to make best use of the Assignments and Interviews feature in WebAdMIT through a series of hands-on exercises led by a WebAdMIT expert. They will learn how to rank applicants and pinpoint the most qualified candidates, while networking with peers to learn how others are using WebAdMIT to achieve their admissions goals.

To learn more about this class, as well as our other training resources visit <http://webadmit.liaisonedu.com>.

More sessions will be added in the second half of the year. In addition to this course, we have other courses in the works for 2017 – stay tuned for more details!
