WebAdMIT Regional Training – Register Now!

There is still time to register for our *Reviewing & Scoring Applicants* live training in **San Francisco, CA on April 27**. Space is limited, register now!

During the workshop, participants will learn how to make best use of the Assignments and Interviews feature in WebAdMIT through a series of hands-on exercises led by a WebAdMIT expert. They will learn how to rank applicants and pinpoint the most qualified candidates, while networking with peers to learn how others are using WebAdMIT to achieve their admissions goals.

To learn more about this class, as well as our other training resources visit <http://webadmit.liaisonedu.com>.

More sessions will be added in the second half of the year. In addition to this course, we have other courses in the works for 2017 – stay tuned for more details!

Resolved Issues

WebAdMIT

The following issues are resolved in WebAdMIT as part of the Sprint 8 release. The codes in parentheses correspond to the identifiers in our issue tracking system.

1. General performance improvements were made to the Export feature. (WA-4695)

Applicant Portal

The following issues are resolved in the Applicant Portal as part of the Sprint 8 release. The codes in parentheses correspond to the identifiers in our issue tracking system.

1. An issue where extraneous back-end records prevented applicants from answering Organization-level questions was resolved. (UNCAS-12710)
