## WebAdMIT Training Resources

There are many training offerings available to help new users get up to speed on WebAdMIT. These are also helpful for experienced users who may need a refresher.

We also plan to continue offering specialized in-person trainings and webinars for best practices in WebAdMIT, as well as launch new trainings and webinars. To find and register for these, visit the WebAdMIT Training [site](#).

Training Offering	Description	Availability
WebAdMIT Basic Training eLearning	Overview of fundamental functionality to get you up and running in WebAdMIT	Available in the <b>Usage Help</b> panel in WebAdMIT
WebAdMIT Advanced Training eLearning	Overview of the more advanced features to enable you to maximize your use of WebAdMIT	Available in the <b>Usage Help</b> panel in WebAdMIT

## Coming Soon!

Please review the list of upcoming events, including scheduled downtime/maintenance, product updates, and regional training opportunities.

Event	Date	Details
Sandbox Environment Refresh	January 17, 2018	The WebAdMIT Sandbox environment ( <a href="http://sandbox.webadmit.org">sandbox.webadmit.org</a> ) will be refreshed with current (cleansed) production data and program configurations. Any test exports, custom fields, etc., in the current sandbox will be overwritten when the refresh occurs.
Updates to College Coursework Credit Value Entries	Winter	<p>For CASs that collect college coursework, the Applicant Portal will be updated to allow applicants to enter course credit values in one numeric field. This field will also limit applicants from entering more than two digits after a decimal.</p> <p>Currently, applicants are required to enter course credit values in two fields: a numeric field for the whole course credit and a drop-down including preset fractional values.</p>

## Resolved Issues

### WebAdMIT

The following issues were resolved in WebAdMIT as part of the Sprint 27 release. The codes in parentheses correspond to the identifiers in our issue tracking system.

1. An issue where the Full Application PDF did not load when applicant names contained non-Roman characters was resolved. (WA-5252)
2. An issue that caused In Progress applicants to display with a Submitted Date was resolved. (WA-5258)
3. The **Force Fulfill** option in the **Requirements** panel is now working correctly. (WA-5269, WA-5260)
