Introduction

The following guide provides instructions for international applicants on creating an account in Cal State Apply and completing **Personal Information** and **Academic History** areas of the application as they relate to international applicants. **For the purpose of the admission application, you are an international applicant if you require an F1 or J1 visa to study in the U.S.** Applicants with other visa statuses can also use this guide.

The calstate.edu/apply website provides general information about campuses, programs and [minimum admission requirements for international students](#). Please review the information prior to applying. It is also recommended you view the campus website for details on requirements. From the calstate.edu/apply/international page select the campus under Choosing a Campus. For questions and detailed information, please contact the campus.

Former CSU Mentor users will need to create an account in Cal State Apply.

Application Dates and Deadlines

There are three application terms per academic year: Fall, Winter, and Spring. Priority application dates for each term are the same every year. International applicant deadlines vary from campus to campus.

Application Term	Application Opens
Fall	October 1
Winter	June 1
Spring	August 1

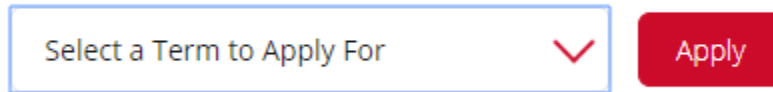

Important Considerations Before Applying:

- Not all campuses offer summer admission.
- Not all campuses accept applications for all programs each term
- Deadlines vary campus to campus.
- Review the [Applications Dates & Deadlines](#) information on the calstate.edu/apply website prior to beginning your application.
- Graduate programs may have supplemental application materials and/or requirements. Be sure to check the campus website(s) for more details on program specific requirements for admission.

Applicants do not enter in coursework from the transcript.

Coursework is split, some credit taken outside the U.S. and some at a U.S. high school

Enter only U.S. high school course work that meets A – G requirements. For instructions, see the [High School Coursework](#) section of the Help Center.

Students in this scenario may not fulfill all A-G subjects on the application. The campus admission office will review the file and include the international coursework using transcripts provided by the applicant.

All coursework taken at a U.S. high school or international American high school

Enter in A – G coursework. See the [High School Coursework](#) section of the Help Center.

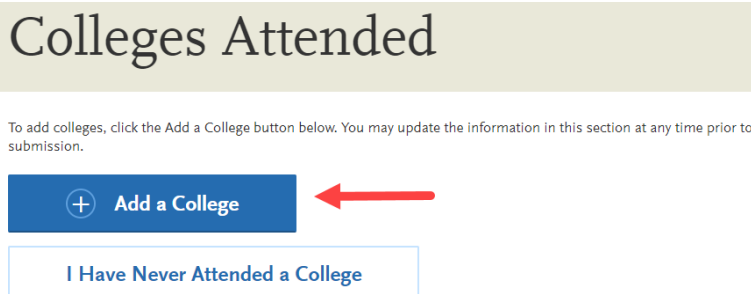

A-G Matching

Applicants with U.S. high school credit or international coursework from an American-style high school follow the instructions for A – G Matching in the Freshman Coursework Entry document found in the Help Center linked at the bottom of each page on the application or using the question mark icon at the top of every page.

Colleges Attended

In this tile you will add all colleges attended and for each entry, the degree awarded or in progress, type of term system, and dates of attendance. Include international post-secondary institutions and U.S. institutions you attended regardless of accreditation status.
