

Message to the Applicant: By uploading this document, you understand that you are required to submit a course-by-course WES evaluation as part of your application for admission, and that your application package is not complete without your WES evaluation on file.

When requesting your WES evaluation, please make sure to indicate University of San Diego Office of Graduate Admissions as the institution receiving your report.

I, the applicant, will be submitting a WES evaluation since I have completed a degree at a foreign institution.
